

Charité Global Health: Dengue Mini-Symposium

29 AUG 2018

Venue: Hörsaal 3, Forum 3 (Lehrgebäude), Charité Campus Virchow-Klinikum (Augustenburger Platz 1, 13353 Berlin)

Dengue fever is a vector-borne viral disease affecting millions of people in tropical regions. In this mini-symposium, experts from Sri Lanka and Germany summarize the current state of dengue epidemiology, vector biology and manifestation as well as recent developments in diagnostics and immunization. Participation is free but registration is required ([link](#)). CME accredited (7 Weiterbildungspunkte). For ECTS accreditation, please contact program office.

Program

Time	Topic	Speaker
09:00	Welcome	F. Mockenhaupt / J. Rajapakse
